## INTRODUCTION

This publication provides a list and index to government statements on Canadian constitutional reform presented at Federal-Provincial and First Ministers' Conferences from 1976 to 1979. A full list of conferences can be found in James Quantrell, Canada Federal Provincial Conferences of First Ministers, 1887-1976; Guide to Microfiche Edition, (Toronto: Micromedia Ltd., 1979).

A series of Federal-Provincial Constitutional Conferences was held from 1968 to 1971, culminating in the Victoria Constitutional Conference held in Victoria, B.C., in June, 1971. The documents originating from these conferences were issued as proceedings. No proceedings were issued for later conferences but the individual statements made by First Ministers were collected and issued as a group for each conference by the Canadian Intergovernmental Conference Secretariat, Ottawa. While these documents have been most important as a source of information, their use has been limited by the lack of an index.

Statements presented at the two Federal-Provincial Conferences held since 1971, which have focused on constitutional amendment, form the basis of the collection of documents included here. Conference statements on Federal-Provincial fiscal relations or economic matters have not been included. As well as the statements from the Federal-Provincial Conferences, some key statements from two Premiers' Conferences have also been included. These conferences are as follows:

- Federal-Provincial Conference of First Ministers, Ottawa, June 14-15, 1976. (Selected papers only)
- Premiers' Conference, 18th, St. Andrews, N.B., August 18-19, 1977. (Selected papers only)
- Premiers' Conference, 19th, Regina, Sask., August 9-12, 1978. (Selected papers only)
- Federal-Provincial Conference of First Ministers, Ottawa, October 30-November 1, 1978.
- Federal-Provincial Conference of First Ministers, Ottawa, February 5-6, 1979.

The list of conferences is arranged chronologically. Within each conference the statements are arranged in order by the number assigned by the Canadian Intergovernmental Conference Secretariat. (A list of the documents for each conference with the numbers assigned by the Secretariat is included in the documents from each conference.) The call numbers indicate shelving locations in the Ontario Legislative Library.

Four separate indexes have been prepared to provide access to the statements in the main list:

- (i) issuing bodies (mainly the Federal or Provincial governments, and independent organizations)
- (ii) personal names (Ministers of the Federal government, Prime Ministers of the Provincial governments and others)
- (iii) titles
- (iv) subjects (broad categories)

In the indexes, only the last two lines of the call number are given as a key to finding the statement in the main list: 1979, no. 3, indicates that this statement is the third one presented at the 1979 conference. These indexes thus provide a means of gathering together statements from all the conferences by one Minister, by one issuing government, or on a given topic.

I would like to express my thanks to Donna McGraw who worked on this project while in the Legislative Library as part of the University of Waterloo's Political Science Co-operative Intern Program.
